

NEIGHBORHOOD LEADERSHIP CERTIFICATE PROGRAM

Imagine St. Joseph 2040

PURPOSE

To cultivate and inspire residents to become leaders working to improve their neighborhoods and our community. This is a critical piece of the Imagine 2040 plan as it is the first step in building a sustainable future.

PROGRAM

The Imagine 2040 creators envisioned a leadership program to assist with training and education to encourage citizen engagement. Research suggests individuals who have participated in a formal community leadership program tended to become more involved, with the biggest impact occurring when programs focusing on knowledge and awareness of the community recruit participants who are not already engaged.

PARTNERSHIP

An Imagine St. Joseph 2040 program, collaborating partners: The United Way, Missouri Western State University and the Community Alliance.
